NAPLAN

FACT SHEET

What is NAPLAN?

NAPLAN stands for National Assessment Program—Literacy and Numeracy.

It is conducted in May every year and the tests are sat by students Australia-wide in Year 3, Year 5, Year 7 and Year 9. All students in these year levels are expected to participate in the tests.

There are four tests:

- 1 The **Numeracy Test**—a Maths Test
- 2 The **Reading Test**—a Reading and Comprehension Test
- 3 The **Conventions of Language Test**—a Grammar, Punctuation and Spelling Test
- 4 The **Writing Test**—students have to complete a piece of writing.

What is NAPLAN Online?

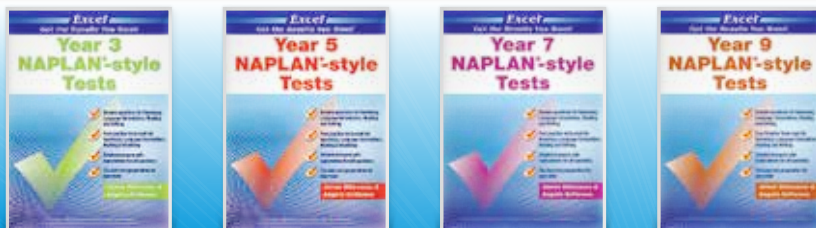

In the past all NAPLAN tests were paper tests. From 2022 all students will be taking the NAPLAN tests online. This means students will be completing the NAPLAN tests on a computer or on a tablet.*

Excel

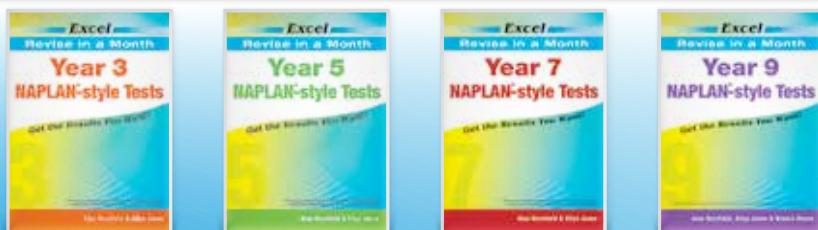

What are the different types of books in the *Excel* NAPLAN range?

Remember: every single book in our range features different material—no book has any duplicated material. All books are written specifically to help students prepare for the NAPLAN tests.

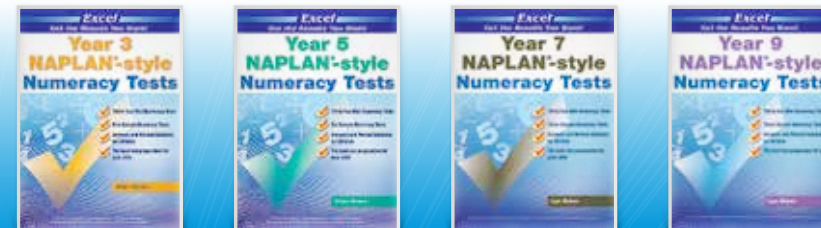

1 *Excel* NAPLAN*-style tests—a general preparation book containing lots of test practice for all four tests. Use this all year round.

2 *Excel* Revise in a Month NAPLAN*-style tests—a format to help organise your child's test preparation with daily tasks on all the tests. Great for reinforcing skills a month before the tests.

3 *Excel* NAPLAN*-style Numeracy Tests—a focus on preparation for Numeracy, featuring lots of practice tests. Use this to achieve **excellence** or to improve through extra practice in Maths.

4 *Excel* NAPLAN*-style Literacy Tests—a focus on preparation for Literacy. Use this to achieve **excellence** or to improve through extra practice in Reading, Conventions of Language and Writing.

Online practice tests

www.exceltestzone.com.au

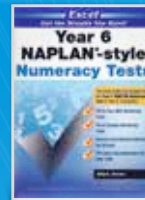

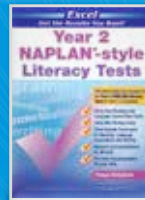

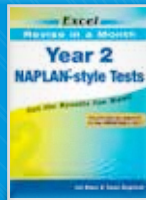

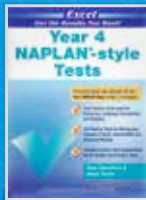

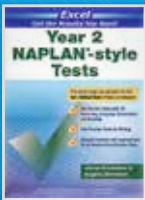

Excel Test Zone is a comprehensive online program designed to help students prepare and practise for NAPLAN Online tests. Used in conjunction with *Excel* books, this platform will build confidence and track improvements as students practise in the online test environment.

Go to www.exceltestzone.com.au to subscribe now.

Why are there *Excel* books for Years 2, 4 and 6 when there aren't any NAPLAN tests?

- 1 **These books are written for the year before the actual tests** to help parents and their children prepare a year ahead of time.
- 2 **These books are fantastic to use as general all-round books for your child during the year.** They cover Maths and English, containing lots of useful explanations and detailed answers.
- 3 **The NAPLAN test is such an important test.** Did you know that test results go on your child's school record?

Excel is the best series to help your child!

✓ We have over 30 years experience helping millions of Australian students **improve their results** and **attain excellence** in their academic tests.

✓ *Excel* will improve your child's Band result with thorough practice of NAPLAN*-style tests, helping to place them in the highest achievement Band.

*This is not an officially endorsed publication of the NAPLAN program and is produced by Pascal Press independently of Australian governments.
